

Searching for Classes

Purpose: Use the **Class Search** feature to search or browse for classes within a specific term. You may also search by class criteria such as course subject, course career, and course attribute. The *Additional Search Criteria* option contains many search parameters, including meeting start/end time, day of week, instructor, course title keyword, course component, etc.

| Step | Action |
|------|--|
| 1. | Navigate to the Search for Classes - Enter Search Criteria page: Select Main Menu > Curriculum Management > Schedule of Classes > Class Search  |
| 2. | Enter the appropriate search criteria. For this example, enter <i>Term = Fall 2011</i> , <i>Course Subject = Art History</i> , <i>Course Career = Undergraduate</i> . Click the Search button to display results. |
