

Meetings, Events & Activities

Membership meetings are held two times per year in the fall and spring. Meetings include guest speakers and presentations on the hospital's advancements and cutting-edge programs and services.

Twice a year, the Associate Board also meets socially to celebrate their accomplishments and expand their social and business networks. Summer and winter socials are when the board inducts deserving new members and celebrates our success as a board of action.

In addition to these meetings, the Associate Board hosts other fundraising events.

- Art in Motion is a premier showcase of patient art and proceeds support the hospital's Art Therapy program.
- Each November, the Associate Board forms a team for SkyRise Chicago – the planet's tallest indoor stair climb.
- Other events throughout the year
